JUL 27 1966

July 21, 1966

Prof. Joshua Lederberg
School of Medicine
Stanford University
Palo Alto, California

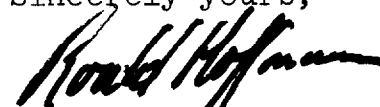

Dear Prof. Lederberg:

I would like to invite you to speak to the General Chemistry Seminar at Cornell. Our meetings are on Thursdays at 4:30. They are attended primarily by graduate students and chemistry faculty, a group of about 75-100 persons. As possible dates, I suggest either November 10 or January 12. An alternate date can be arranged if these dates are inconvenient.

We will be happy to provide an honorarium of \$350.00 which should cover your travel expenses.

We would be delighted to have you visit Cornell. We hope that you can accept our invitation.

Sincerely yours,

Roald Hoffmann
Assoc. Prof. of Chem.
